

## 5 Reasons Why Early March is a Great Time to Visit The Abbey

1. **No Crowds:** We're in that sweet spot between the holidays and Spring Break when the indoor pool and hot tub seem to be waiting just for you. You can sip a quiet cup of coffee from Café Latte while you catch up on the day's news or the next chapter of your book in the comfortable seating of our lobby.
2. **Low Rates:** Our March Midweek Special is running the first three weeks of the month and gives you rates as low as \$99 PLUS the added bonus of one day's admission to Avani Spa. That's a \$25 value per person! Lounge by the adults-only Avani Atrium pool or warm up in the sauna – it's a day of relaxation that's up to you!
3. **Spa Specials:** While you're in the spa, take advantage of our great Midweek special where you get 20% off all 50 minute services regularly priced at \$75 or more, or 25% off all 75/80 minute services. We also have seasonal Coconut Lime services and a Springtime Splendor Day Package that you don't want to miss.
4. **Amazing Dining Specials:** Dine to your heart's content at both 240° West and Waterfront where we have some delicious dining specials going on. Try Oysterfest at 240° West on Mondays and Wednesdays or our tasty BBQ Beef Brisket Sandwich at Waterfront on Tuesdays and Thursdays. We've also got some great spring drink specials going on. Head over to [our website](#) to see all of the specials we have to offer.
5. **Immersion Entertainment Center:** Whether you like your games old school or new, we'll keep you entertained at Immersion. Play some of your favorite board games at the tables in the center, or check them out and play in one of our mini-lobby areas around the resort. If you're looking for something more high tech, make a reservation for Immersion Virtual Reality where you become a part of the game.
